Hi Everyone - I updated the rationale based on what we talked about proposing to the managers. We brief them Monday morning at 10AM. This is pretty close to what we had in the rationale that you had all reviewed before. Please send me any comments by next Tuesday, September 30. Gabriela and Linda, if you could check the pesticides piece again, that would be great.

I'm likely going to add some more info explaining how the ODF notification process works, their education and outreach, and PARC, but hopefully, that's not controversial and wouldn't need much team review except for editing for clarity.

Thanks, Everyone - Jenny
